

## nFront AD Disabler™

### Never worry about dormant accounts again.

nFront AD Disabler is a Windows application that will automatically monitor and disable dormant or inactive Windows Active Directory Users. Disabling inactive accounts is not only a security best practice but also a requirement of PCI compliance and IRS Guideline 1075.

### A fully automated solution

nFront AD Disabler automatically disables accounts based on the criteria you configure. Once it is in place you only need to review the daily activity reports which can be emailed to you in a PDF or HTML format.

### Features

nFront AD Disabler is a Windows application that will automatically monitor and disable inactive users.

- Determines last “true” logon time by scanning across all domain controllers.
- Can skip administrative accounts and/or specific groups.
- Email activity reporting (HTML or PDF)
- Skips newly created accounts even though the last logon time is “never.”

### Simple

Install and configure in less than 5 minutes.

### Try It

You can download an evaluation copy from our website at <http://www.nFrontSecurity.com>.

**Turn the page to see an example report.**

## Comprehensive reporting

A daily report is generated locally and can be sent via email. Below is an example of such a report.

### Example Report

---

### nFront AD Disabler Report

---

**Date of Run: 10/23/2008 5:24:44 PM**  
**Active User Accounts: 897**

**Settings:**

|  |  |
|--|--|
| Disable Old Accounts:                    | True   |
| Ignore unreachable domain controllers:   | False  |
| Old Account Age (in days):               | 90   |
| Reporting / Service Interval (in hours): | 24   |
| Report To Address                        | <a href="mailto:joeadmin@nfrontsecurity.com">joeadmin@nfrontsecurity.com</a> |
| Report From Address                      | <a href="mailto:info@nfrontsecurity.com">info@nfrontsecurity.com</a>         |
| SMTP Server:                             | 10.10.11.22  |

**Users with a dormant account:**

| Username | Last Logon Time      | Server Name                | Disabled |
|----------|----------------------|----------------------------|----------|
| test981  | 1/28/2008 4:00:00 PM | dc50.lab5.nfrontlabs.local | Yes      |
| test982  | 4/17/2008 1:57:23 PM | dc50.lab5.nfrontlabs.local | Yes      |
| test983  | Never logged on      | dc50.lab5.nfrontlabs.local | Yes      |
| test984  | Never logged on      | dc50.lab5.nfrontlabs.local | Yes      |
| test985  | Never logged on      | dc50.lab5.nfrontlabs.local | Yes      |
| test986  | Never logged on      | dc50.lab5.nfrontlabs.local | Yes      |
